

## **Transcript – Parish Council objection to Three Rivers District Council for Chorleywood planning applications**

From Little Chalfont Parish Council, Little Chalfont Village Hall, Cokes Lane, Little Chalfont, HP8 4UD, email [clerk2@littlechalfont-pc.gov.uk](mailto:clerk2@littlechalfont-pc.gov.uk)

Planning applications 20/0882/OUT and 20/0898/OUT, Land East of Green Street, Chorleywood.

Little Chalfont Parish Council, although not a standard consultee, objects strongly to both the above applications and requests Three Rivers District Council to take the following reasons into account.

Residents in Little Chalfont already suffer unacceptable congestion and pollution from the A404 which passes directly through the village centre and shopping area. This harm would be increased if a large housing development is permitted near the A404 in Chorleywood, as residents there would use the road to travel to points west including the M40. Increased congestion in Chorleywood, especially at the Dog Kennel Lane junction and at the M25 Junction, would also materially harm the amenity of Little Chalfont residents.

Little Chalfont Parish Council strongly supports the case made by the Chiltern Society in their objection, and objects particularly to the proposed destruction of green belt and AONB.
